36/ This file relates to the prescribing of certain forms in which the accounts and returns are to be maintained by the licensees and lessees of the Geological Department:- Subsequent to the passing of G.O., dated 26-2-1924 relaxing restrictions on chrome the Director was asked to suggest forms for the maintenance of accounts by license holders to enable the correct calculation of net profits. As the forms the Director suggested were too elaborate, the Government requested him to suggest simpler forms more practicable for adoption.

37/ In his D.O. dated 14th Jany. 1925 the Director said that he would be in a position to offer his suggestions after examining the accounts of Mr. Schomburg.

38/ The accounts were accordingly examined and the amount due by Mr. Schomburg in the shape of royalty, and net profits has also been fully credited to Govt The Director has not, however, sent up yet the draft forms of accounts and returns as promised by him.

39/ As the present policy in regard to participatin by the Government in the share-profits of licensees is separately under consideration by them, it is for consideration whether final orders may be awaited in the matter, or the Director of Geology reminded about the introduction of forms, etc.,

40/ For orders.

Where is the report on the examination of the cells.

What is the amount of net profits credited & how was it calculated

Please put up the file containing that information

3.6.26

47) This file relates to the prescribing of certain forms in which the licensees under the new rules shd keep their accounts to enable a rapid and correct calculation of the profits being made. Under these rules Govt are entitled to 25% of the profits. No forms have yet been prescribed and I feel nothing will be done ~~quickly~~ unless the Director is given the assistance of an ~~Asst~~ officer of the Accounts Dept. The Industrial Audit section can perhaps easily suggest the forms to be maintained. If approved the Comptroller will be addressed ~~to~~ in the matter

48) I feel that the audit of accounts for the calculation of ~~Govt~~ profits shd be made by one of Asst Comptrollers I beg to invite attention to the Letter of the Director dated 26.1.26 in File 15-24 (Hqrs F forwarding a statement of Account showing the profits earned by ~~him~~ in Selvambram. No audit report is sent but only a statement showing the expenditure & receipts. The receipts show that crude ore is sold at an average rate of Rs 15/- per ton. I am afraid this is a totally unreliable figure. This ore is sold for delivery at Marmagoa at rates varying from Rs 30 to 31½ per ton. I am afraid

GOVERNMENT OF MYSORE

GEN. & REV. SECRETARIAT
30 APR 1924
INDUSTRIES & COMMERCE BRANCH.

Mysore Geological Department.
17
Bangalore, 29th April 1924
30
File No. 73-23.
Serial 14

Dear Sir,

In reference to the D.O. No.I.C.6230/Geol.73-23-9, dated 10th April 1924, I beg to state that so far no form has been prescribed by this Department for the keeping of accounts by the License or Lease Holders; but the rules for the License & Lease provide that proper accounts are to be kept which would be open for inspection.

2. The new rules for the Chrome License require that regular and correct accounts are to be kept by the Licensees so as to show the correct amount of net profits derived, of which 25 % is to be paid to Government in addition to royalty. The accounts are to be kept open for inspection by officers of this Department whenever called upon.

3. I state in the appended Note ~~below~~ the methods according to which the account Books are to be kept; this would very likely obviate difficulties while computing the profits.

4 I would suggest that before any decision is made on the proposed scheme, the opinion of the Comptroller should be invited about it with a request to state whether such a scheme should serve our purpose and if he would make any alterations or additions to make it properly effective. At the end of every six months, an officer should be sent from the Comptroller's Office to audit the accounts of the concessionaires.

Yours sincerely,

K.V. Anantaraman, Esq., B.A.,
Secretary to Government,
Revenue Department.

C.H.

Nol-

The following books are to be kept by each licensee:-

(1) Cash Book.

(2) Ledger or Classified Abstract.

(3) Register of Ore Stocks.

(4) Register of railway receipts for despatch of ores

(5) Roll Call Register for daily wage workers.

(6) Work Bill Register (for contractors).

(7) Measurement Books.

(1) Cash Book:- This should contain all daily transactions of cash expenditure and receipt.

(2) Ledger or Classified Abstract :- This should furnish information under the following heads :-

A. Capital Expenditure

1. Buildings, quarters &c.
2. Roads-construction, upkeep &c.
3. Wells or tanks.
4. Plant-mining &c; and tools &c.
5. Plant - transport.
6. Office equipment.

B. Purely Prospecting charges including expenses incurred for obtaining expert opinion.

C. Expenditure incurred on revenue account :-

(a) Supervision charges, including travelling expenses.

(b) Mining expenses, including cost of dressing, stacking &c. Contractor's account should be maintained separately.

(c) Haulage and transport charges.

(d) Rents, rates and taxes.

(e) Royalty paid to Government.

(f)

(f) Analysis fees and Laboratory charges.

(g) Contingent expenses, e.g. stationery, postage and telegrams, printing, painting Lighting &c.

(h) Sundries, including repairs to furniture and tools &c.

D. (i) Interest on capital

(ii) Depreciation charges

(a) on lands, buildings, sheds &c.

(b) on furniture

(c) on tools & plant.

(iii) Sinking Fund

(iv) Bad debts written off.

(v) Tools and other articles written off.

(vi) Bonuses to Staff.

(vii) Other charges - (a) Bank charges

(b) Legal charges

(c) Audit fees etc.

(viii) Commission paid - (a) Agency Commission

(b) Selling Commission

(c) Miscellaneous.

E. Receipts from sale of ore -

Other receipts - (Miscellaneous sales & other dues).

(3) Register of Ore stocks :- This should furnish every month full particulars of ore won by the daily wage system and by contractors separately, of ore despatched or sold and balances according to the following heads. —

	In Cubic Ft.	In tons.
Ore obtained	-	-
(a) Ore sorted	-	-
(b) Ore sold at pits' mouth.	-	-
(c) Ore removed to Railway Station for sale.	-	-
(d) Ore in hand.	-	-

The other books as mentioned above, should be maintained to support and explain the entries in the Cash Book, Ledger and the Ore Stocks Register.

The half yearly and annual balance sheets should be drawn up as usual including the Profit & Loss account.

In connection with item E in the ledger about receipts from sale of ore, it is advisable in computing the profits to fix up the price of the ore at rail-head or at the pits' mouth instead of at the port of destination. To fix up the price at the rail-head allowance has to be made for transport from the mine. If the price is to be considered at the port of destination, many uncertain factors have to be taken into account which would probably lead to unsatisfactory results, such as shipping freight and insurance, shipping charges, Rail freight, Dock dues, Loading and unloading charges &c.

A. Meunier

Geol 73-23-21

Dear Sir,

Referring to your D.O.No.I.C.3739/Geol.73-23, dated 2nd December 1924, I have gone into the matter carefully and agree with Government in thinking that the forms submitted by the Offg.Director Mr. Sen are far too elaborate, though it is difficult to suggest simpler methods of procedure in case actual net profits should be accurately made out.

2. For the time being this question may be kept in abeyance as I foresee practical difficulties and delicacies in dictating to the licensees the manner and methods of book-keeping and organization of their work etc.

3 It seems desirable to wait and watch the progress made by some of the licensees, who have promised to work their blocks under the present orders of Government requiring 25 % of their net profits without laying too many restrictions of an interfering character on their working methods.

4. Under mining rules and regulations the Department can at any time inspect and examine their books and accounts and when and where necessary insist on the licensees for the better management of their accounts and methods of work.

5 At the present moment there is a case in point engaging the attention of the Department.

6 Mr. Schomburg has sent out a consignment of chrome ore on which a royalty of Rs.900/- has been remitted to the Government Treasury. In order to ascertain his net profits over the deal, it is necessary to audit his accounts. I propose to depute Mr.

Venkataramaiya for this work, which will throw some light for our future guidance and action.

Yours sincerely,

B Foye Nair

K. V. Anantaraman, Esquire, B.A.,
Secretary to Government,

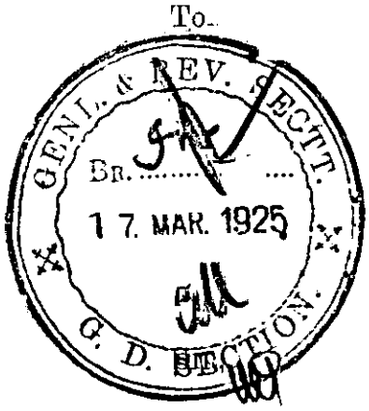
No. 1429

From

B. JAYARAM, Esquire, F.G.S.,
Director, Mysore Geological Department.

Geol 9-2-24-4

To.



K. V. Anantharaman, Esq., B.A.,
Secretary to the Government, of
His Highness the Maharaja of Mysore,
Revenue Department, BANGALORE.

Geol 7 3-23-28

In forwarding herewith a copy of Memo of examination of accounts relating to the prospecting operations carried on over Talur and Waddarpalyya chromite blocks held by Mr. C. W. Schomberg under prospecting license Nos. 632 & 633, I have the honor to state that Mr. Schomberg paid a sum of Rs.900/- as royalty on 600 tons of chrome exported by him in December last and as I thought that it was high time for auditing his accounts so that the exact amount of profit due to Government may be ascertained, I deputed Mr. Venkataramiah, Assistant Geologist, to audit the accounts of Mr. Schomberg and submit his reports to me. Accordingly, Mr. Venkataramiah went to Mysore, examined the accounts on the 21st and 22nd Feb. 25, and submitted his report dated 6th March 1925, a copy of which is herewith submitted for information of Government. It will be seen therefrom that Mr. Schomberg who has been permitted to start prospecting operations from the 11th April 1924, has not been maintaining regular accounts from the date of starting the work upto July 1924. The explanation assigned was that Mr. Maccarthy, the former contractor, who was maintaining the accounts had taken away all his accounts and hence it was not possible to get them. According to the report the accounts commenced from August 24, and carried on upto 21st February 25. The amount invested aggregates to

Rs. 22,268-4-3

Rs.22,268-4-3 while total expenditure comes upto Rs.20,56[illegible]/- of which a sum of Rs.5,200/- has been expended purely on a private character unconnected with the regular working of the blocks. There are also some entries noticed by the officer as irregular and this amounts to Rs.3,850/- and the total amount of expenditure upto 21st February 25, aggregates to Rs.15,367/-

The quantity railed represents 600 tons of ore sold on credit to Tata Iron & Steel Co., at Rs.17 per ton and as the amount to be realized depends upon the analysis of ore after the arrival of the consignment at the destination it is not possible to say wha would be the exact amount of realization.

As regards profit due to Government by Mr. Schomberg, I beg to state that without the actual realizations of the ores sold it is not possible to arrive at the probable net profit realized by Mr. Schomberg and that on receipt of information on the subject, I shall submit further report on the subject.

I have the honour to be,
S i r,
Your most obedient servant,

B Foote Rao

Director,
Mysore Geological Department.

M E M O

Examination of accounts relating to the Prospecting Operations carried on over Talur and Waddarpalya Chromite Blocks, held by Mr. C. W. Schomberg under prospecting licenses Nos.632and 633.

On being informed by the licensee that the accounts etc were with Mr.F. J. Dyas, his contractor, I wrote to the latter in the matter and requested him to fix up a date. In his letter dated Kamasamudram 16th Feb. 25, he informed me that the books will be open for inspection at Church Road, Mysore from the 17th to 21st of the month. The accounts etc. were examined on the 21st and 22nd of Feb.25

Proper Cash Book, ledger, Files etc., are maintained and regular entries commence from 1st Aug. 24. On questioning about accounts etc. relating to the period from the date of starting work on the properties upto the end of July 1924, it was explained that whatever accounts the former contractor Mr. Maccarthy had maintained, he has taken them away with him, and it was not possible to get them now.

The following monthly totals of cash invested and expenditure incurred on the works have been taken from the cash Book.

Month	Cash Investment.		Expenditure.
August, 1924	Rs.3990-00 - 0		Rs. 3977-5 - 0
September "	" 912-11 - 0		" 838-14 - 3
October "	" 1073-12 - 9		" 1048- 6 - 0
November "	3084-14 - 3		" 2436- 9 - 6
December "	" 2856-14 - 9		" 1939- 7 - 9
January 1925	" 1707- 7 - 0		" 1694- 2 - 0
February upto 21st "	" 8642- 8 - 6		" 8632- 3 - 6
Total ...	Rs.22268- 4 - 3	Total	Rs.20567- 0 - 0

The following items charged off as expenditure in the Cash Book are objectionable and cannot be allowed as they appear to be purely of a private character entirely unconnected with the regular working of the blocks.

16

Cash Book.	Date.	Particulars.	Amount.
Page 2.	17th Aug. 24.	Mr.C.W.Schomberg, amount paid by cheque by Mr. S.A. Walker on Fed.J. Dyas account as advance on chrome ore as per his agreement, paid on 12th Aug. 1924.	Rs. as. p 3000 - 0 - 0
Pagal7.	1st Feb. 25.	amount paid to Maccarthy suspense account Aug. 12th ..	500 - 0 - 0
	" "	amount paid to Mr. Schomberg on Octr. 12th	100 - 0 - 0
	" "	amount paid to Earl of Shannon account Novr.6th ..	600 - 0 - 0
	" "	amount paid to Schomberg Dec.	500 - 0 - 0
	" "	amount paid by cheque in favour of Mr. Ince of Spencer & Co., to C. W. Schomberg ..	500 - 0 - 0
		Total ..	Rs5,200 - 0 - 0

The following items refer to tranactions which appear to have been closed months ago; but they have been posted up in the Cash book on 1st February 25, which is irregular. The papers relating to these are not forthcoming.

Cash Book	Date.	Particulars.	Amount
page 17.	1st Feb.25.	To amount paid to J. MacCarthy for 300tons of chrome ore @ Rs.10/8/- per ton in Aug.12th	Rs. as. p 3,150 - 0 -0
	" "	amount paid to Mysore Government on behalf of Mr. Schomberg for prospecting license Aug.12th	700 - 0 -0

It will thus be noticed that excluding the accounts in items referred to above which are of a private character aggregating to Rs.5200 the total expenditure on prospecting work upto 21st Feb.25 aggregates to Rs.15,367-0-0 under the following heads.

		Rs.	as.	p.
1	Chrome mining expenditure Total	2,339	- 0	- 6
2.	Tools	311	- 2	- 0
3.	Timber..	84	- 2	- 0
4.	Amounts paid to contractors including advances outstanding against them.	6,611	- 7	- 3
5.	Amount paid to Mr. Mac Carthy for ore ...	3,150	- 0	- 0
6.	Salaries of Superintendent & his Assistant ...	2,825	- 0	- 0
7.	Pay of peon & ~~miselanes~~ miscellaneous	46 ½	4	- 3
	Total ... Rs.	15,367	- 0	- 0

The Stock accounts stand as below:---

	Pebbles	1st grade ore	2nd grade ore	3rd Grade	Ttl.
Totalstock	910½tons	60 tons	227½ tons	49 tons	1247ts
" Railed	502 "		90½ "	7½ "	600 "
Balance on hand	408½tons.	60 tons.	137 tons.	41½ tons.	647ts

The quantity railed represents 600 tons of ore sold on credit to Messrs. Tata Iron & Steel Works @ Rs.17/- per ton F.O.R. loading station.

An amount of Rs. 10,380/- including Rs.180/- the cost of loading specials is shown in the ledger as outstanding against Messrs. Tata Iron & Steel Company. It was explained by Mr. Dyas that the contract with Messrs Tata Iron & Steel Company was that the amount to be paid only on the results of analysis of the ore sample after the arrival of the consignment at the destination. Under the circumstances it is not certain what the realization on this consignment would be.

On the income or receipt side it will ~~then~~ thus be noticed that 600 tons of ore has been sold on credit and there is on hand at present a stock of 647 tons of ore, the fixing of a value for which appears to the rather a tough proposition.

When applying for the renewal of the licenses, the licensee may be asked to submit for the information of Government a report stating

18

stating the exact financial position of his business after closeing the year's transactions. This seems in no way to discourage him as he has taken out the licenses under the new rules according to which he has to pay in addition to royalty 25% of the net profits. But it entirely rests with Government to decide whether to do so or not under the present circumstances.

Regarding the contractor Mr. Fred. J. Dyas, and the way he has been permitted to carry on the business and maintain accounts, it is to be doubted whether he is a mere contractor working under the licensee or his actual working partner. He appears to be carrying on the whole show, winning and selling the ore. The agreement under which he has been employed may be called for the scrutiny of Government.

Submitted.

Dated Camp Jemapur,
6th March 1925.

Dated, Bangalore, 23.7.26

GEN. & REV. SECRETARIAT 24 JUL 1926 INDUSTRIES & COMMERCE BRANCH.

From

B. JAYARAM, Esq., F.G.S.,
Director, Mysore Geological Department.

To

C. Ranganatha Rao Saheb, Esq., B.A.B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
REVENUE DEPARTMENT

Sir,

With reference to your confidential letter No.I.C.8676 Geol.73-23-24, dated 22-6-26, enquiring if the rate per ton of chrome ore sold by Mr.C. W. Schomburg in the latter half of 1925 is not low in view of the higher prices ranging for ores of that grade, I have the honour to state as follows:-

2. The rates at which Mr.Schomburg has effected sales of his chrome ore are Rs.15-11-6 and Rs 15 per ton F.O.R.Kodakola and the grade of the ore sold is reported to be from 44 to 46%. During the same period the Mysore Chromite Ltd., have sold the Shinduvalli ore of slightly higher grade 47 to 49% at Rs.20/- a ton F.O.R. Kadakola.

3 I have since ascertained from the purchasers, Messrs.The Tata Iron and Steel Co, and Messrs.Oakley Bowden & Co, and the particulars furnished by them in the matter coincide with those furnished by Mr.Schomburg. The Tata Company's conditions were Rs.17/- a ton f.o.r. loading station, grade of ore to be 47% with freedom to reject ore below 44%. Messrs.Oakley Bowden & Company however state they purchased the ore at a flat rate of Rs.15/- per ton f.o.r. Kadakola and that the Shippers' analysis of the lots consigned came out to 46.96% Cr_2O_3. The amounts paid by them for the quantities purchased are stated to have been Rs.9433-11-3 and Rs.18697-8-0 respectively and it will be seen these are the figures found in Mr.Schomburg's accounts and intimated to the Government in this office letter No.251-26, dated 26th Jan.1926.

4. From the above it will be seen that there appears to be no reason to doubt the accounts of Mr. Schomburg.

5 Still, taking into consideration the rates for chrome ore obtaining in the U.K.ports as quoted in the mining journal and the freightages to be paid, I think the rates at which Mr Schomburg has sold his ore are low and not advantageous to Government This Mr.Schomburg explains is due to the fact that without a long term mining lease or at least of getting one in the near future it would not be possible to raise and sink funds on the development of his blocks to the extent of obtaining large tonnages of ore and entering into forward contracts for appreciable large quantities of ore with consumers abroad, direct. Under the circumstances he considers that he has sold the ore to the best advantage of Government and himself as he has taken no risks of freight and losses.

6. Judging from facts and figures, I must confess that Mr. Schomburg has worked his chrome blocks well and has not, so far, violated any of the rules of the license granted to him.

7 But there is nothing in my office records to show that Mr.Schomburg's application for a prospecting license was recommended by this Department in the usual course of routine and form.

8 If, as I am told, he was granted a license in consideration of or compensation for proving the existence of a coal deposit near Kamasamudram, it is now sufficiently clear that Government need be under no further obligation to Mr.Schomburg and should refuse any further renewals over his present Prospecting License.

I have the honour to be,
S i r,
Your most obedient servant

B. Fagan Rau

C. Ranganatha Rao Saheb, Esq., B.A.,B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
REVENUE DEPARTMENT.

Sir,

With reference to your letter No.I.C.8677 Geol.73-23-25, dated 22-6-26, and reminder thereto of 5th August 1926, in the matter of the introduction of suitable forms for the maintenance of accounts by licensees, I have the honour to state that I have consulted the Comptroller in the matter. The Comptroller is of opinion that the forms proposed by Mr.Sen, forwarded to you with his D.O.No.1873, dated 29-4-24, are all right and may be adopted. A copy of his letter in the matter is forwarded herewith for information. I would however suggest two returns to be submitted by the licensees of manganese and chrome every quarter in the forms appended hereto which it will be seen are only abstracts from the Registers suggested to be maintained by the licensees. These are no substitutes for the detailed accounts to be maintained by them and which are to be kept open for inspection by the Government Officers whenever required.

I have the honour to be,
Sir,
Your most obedient servant,

B. Jayaram

Director,
Mysore Geological Department.

B.N.L/17.

Copy of the letter No.288 TADA r/12 of 16 pages dated 13th August 1926, from the Offg. Comptroller to the Government to the Director of Geology.

With reference to your memo No.544-6 dated the 28th July 1926, asking for my opinion about the forms of accounts to be maintained by Prospecting Licensees for manganese and chrome ores who are required to pay to Government a portion of the profits earned by them, I have the honor to state that the forms proposed by Mr.Sen in regard to the books to be maintained by them are all right and may be adopted. Though they may appear to be too elaborate for small concerns, the entries in registers and the labour required to maintain them will be comparatively less, when the concerns are small and the transactions few. In every case, however, three fundamental books are quite necessary, viz, (i) cash book (ii) stock book or register of ore stocks and (iii) sales book (for recording all transactions of sale of ore)

2. I find no mention in the Revenue Secretary's letter about any periodical returns like the quarterly ones for which you have proposed two forms These cannot of course be a substitute for the initial detailed accounts to be maintained by concerns.

3. The enclosures received with your memo under reference are herewith returned.

Government Orders Nos. I. C. 5146-57—Geol. 73-23-1 and I. C. 2480-91—Geol. 49-24-1, dated the 26th February 1924 and 4th October 1924, respectively, stating that the licensees should maintain regular and correct accounts in such forms as Government may prescribe.

2. D. O. letter No. 1873, dated the 29th April 1924, from the Officiating Director of Geology, suggesting the introduction of certain registers to be maintained by the licensees.

3. Correspondence ending with letter No. 544-10, dated 18th August 1926, from the Director of Geology, stating that both the Comptroller and himself are agreeable to the adoption of the several registers proposed by Mr. Sen and suggesting the addition of two more returns to facilitate inspection by Government Officers.

ORDER NO. D. 2399-400—GEOL. 73-23-28, DATED 2ND OCTOBER 1926.

Government agree with the Director and are accordingly pleased to direct that the marginally noted registers should be maintained and the returns proposed should be submitted by the licensees. The Director of Geology will submit Returns Nos. 8 and 9 to Government for their information, after scrutiny.

1. Cash Book.
2. Ledger or Classified Abstract.
3. Register of Ore stocks.
4. Register of Railway Receipts for despatch of ores.
5. Roll call register for daily wage workers.
6. Work-bill register (for contractors).
7. Measurement Books.
8. and 9. Two statements in the form appended.

C. RANGANATHA RAO SAHIB,
Secretary to Government,
Development Departments.

To—The Director of Geology in Mysore.
The Comptroller, Mysore Government.

Exd.—K. S.
